

DARING BURGLARY LAST NIGHT AT LOCAL STORE

Establishment Of Eugene Fau Looted And Many Articles Taken--Money Drawer And Case Containing Valuables Untouched.

ENTRY WAS MADE THROUGH WINDOW AT REAR

A daring burglary was perpetrated last night at the store of Eugene Fau, 514-516 Fallowfield avenue. There was a quantity of stuff taken and it is hard to determine the exact loss to Mr. Fau. The police have been notified and are making diligent efforts to discover the ones who committed the robbery but as yet no clue has been found. A reward has been offered for the arrest and conviction by Mr. Fau. The burglary was committed sometime between the hours of 7 and 9:30 o'clock last night. It is thought that at 7 o'clock the thieves were in the store. Entry was made through a rear window to the north of the store. This window had been pried open, it is thought with a jimmy and pliers. This morning a pair of the latter were found on the window sill. Exit was made through the rear door on the alley.

Mr. Fau was in Pittsburgh yesterday and returned about six o'clock. He ate his supper and at near seven o'clock went into the store to see that everything was snug for the night the place having been closed at 5 o'clock while he was absent. He heard a noise at the rear of the store, but paid little attention to it thinking it was the radiator. A coat was noticed lying on the floor, however, but this was easily explained by the thought that one of the girl employees had been in a hurry to leave when the door was closed had accidentally taken down the article and left it to the Palace theatre.

PRISONER SIPE INVESTIGATES

Coroner W. H. Sipe spent yesterday in West Zollesville and succeeded partially in clearing up a mystery surrounding the premeditated murder of John Maglia, who was stabbed to death Tuesday night. Job Wayland is in jail charged with being an accessory, while the murderer, Leo Lenardo is a fugitive from justice. The trouble dates back to about three weeks ago when on a Saturday night the murdered man and the murderer wanted to dance with the same girl. Maglia got the dance and Lenardo vowed he would get even. The breach widened when Lenardo was not allowed to room at the same boarding house he had been living, while Maglia was permitted to remain.

The prisoner in jail will not talk but it is understood that Wayland and Lenardo went to a restaurant, where Maglia was eating Tuesday night, and calling him outside, stabbed him to the heart with a butcher knife.

CONSTABLE SHOT IN ARRESTING MAN

In a desperate battle during which 20 to 25 shots were exchanged one man was killed, another probably mortally wounded and a third shot through the arm, occurred last night about 8 o'clock at Riverview, near Gray's Landing, Fayette county. The shooting was between Jesse Rice, a negro, Constable George Brown, of Mason town, and his two sons, Charles and Robert were acting with him as deputies in an effort to arrest Rice on a charge of assaulting a woman. The negro, Rice, is dead and Mr. Brown, the elder man is in a grave condition and it is feared will die. He is a brother-in-law of Mrs. Jennie Jelliffe of this place, who this morning received a message, and left for Mason town. He is well known in Charleroi. His son Charles was shot in the left arm.

Yesterday Mr. Brown received word that he was wanted to arrest Rice at Riverview and with his two sons left for that place. Near there they were seen by the negro and hostilities opened. The younger man, Charles

Merle Hall, the infant son of Mr. and Mrs. Merle Hall, of Lincoln avenue died Tuesday night after a brief illness. The funeral was held this afternoon at 2 o'clock. Interment in the Charleroi cemetery.

TRUE BILLS FOUND BY GRAND JURY

Trio Arrested For DeGarmo Robbery In Fallowfield Will Be Tried.

A true bill was found yesterday by the grand jury sitting at Washington in the case of the commonwealth against John Stevenson, John Brummer alias John Rogers, William Bennett and Thomas Deets, charged with burglary and larceny. The defendants, it is alleged, robbed the DeGarmo home in Fallowfield township a few months since, being arrested the next day in Westmoreland county, and the goods stolen from the DeGarmo home found upon them. They served a term in the jail at Greensburg for carrying concealed weapons and as soon as released were brought to this county by County Detective William McCleary, who is the private prosecutor.

Three pleas of guilty were entered yesterday. A. B. Brown, a fire boss, was fined \$100 and costs for having failed to properly inspect a mine of the Charleroi Coal company, in which gas and fire damp existed. It is alleged in the indictment that Brown failed to examine and inspect entrances to worked out and abandoned parts of the mine.

"Andy" Lindley, one of the defendants charged with entering B. and O. cars, entered a plea of guilty and was sentenced to pay the costs, fine of \$1 and undergo imprisonment in the county jail for a period of six months. "Clell" Wingett and "Bill" Powell, two other defendants charged with the same offense, were sent six months to the workhouse on Monday.

Two other defendants, Harvey Pounds and "Bud" Lindley, were indicted by the grand jury yesterday.

The Clock in the window of Louis Beigel's Shoe Store, 419 McKean avenue, was unveiled at 7:30 p. m. sharp last night. The clock stopped at 56 minutes and 3 seconds past eight o'clock. Mr. Davis held the ticket that called for thirty minutes and forty-three seconds past eight which was the nearest guess presented and he therefore received the \$3.00 in cash.

All tickets are good for next Wednesday, Nov. 11th and for the following ten weeks. The more tickets you hold the better chance you have to the guess. Commencing today tickets will be given with every sale of 50 cents in place of \$1.00 as heretofore to give the public a better chance. If you buy a \$3.00 shoe you get six tickets and so on.

Hold all your guess tickets and try to get to the store every Wednesday before 7:30 p. m. as the clock will possibly be unveiled every Wednesday.

COMMISSIONERS AGAIN SEEK BIDS

Re-advertise That Contracts For Monongahela Bridge Will Be Awarded.

The commissioners of Washington and Allegheny counties have advertised again for bids for the erection of the bridge over the river at Monongahela to take the place of the Williamsport bridge. The appearance of the advertisement in the papers yesterday came as a surprise to those who had been watching the progress towards the erection of this structure and they could not understand why bids were again called for. It was thought that the bids of the Ft. Pitt Bridge company, \$215,000, was satisfactory.

The county commissioners of this county have been ready and willing all along to go ahead with the work. They considered the bid of the Ft. Pitt Bridge company a remarkably low one and they do not believe a better bid will be obtained. The former bids were apparently regularly advertised for in both counties. They were received at the office of the controller in Allegheny county and there opened in the presence of the authorities of both counties. The Ft. Pitt Bridge company was the lowest bidder.

The commissioners from this county were willing then to award the contract to the Ft. Pitt Bridge company, Allegheny county, however, desired to wait until the bids were tabulated. When they were tabulated that county again said that the matter had better be postponed until this county had sold the bonds. The bonds of this county were sold and apparently there was nothing to delay the matter. The commissioners went to Allegheny county to award and sign up the contract. Another delay came up. Allegheny county commissioners raised the question that the former advertisement for bids for the bridge had not been authorized by that county and there was nothing on their minutes to show that bids were authorized to be received. That brought up the question of readvertising for bids for the bridge. The Allegheny county board then passed a resolution that it would readvertise if this county would do likewise. The commissioners of this county being anxious to see the bridge built had really no other alternative but to advertise and that is what has been done.

What the next delay will be the local commissioners cannot say. In a few months the old bridge has to come down or the two counties will be liable to a fine of \$5,000 a month until it is removed.

day at 7:30 sharp and the one present with the nearest guess will receive the \$3.00 in cash.

All tickets are good until January 4th, 1909.

According to the figures compiled here the largest vote in the history of the county in a presidential year or at any other time was polled last Tuesday. The vote above shows 19,882 cast for the three candidates for president. The vote for Debs in the entire county and the total vote from the one precinct mentioned above are missing. The total vote in the county therefore ran over 20,000. The vote for congress was 19,156.

In the entire county 106 precincts were carried for Taft, 22 went to Bryan and there were tied between the two leading candidates. On the legislative ticket comparing Holland (Rep.) and Anderson (Dem.-Pro.) Holland carried 67, Anderson 63 and two were tied, out of a total of 132 precincts. The rural districts went almost solidly for the Democratic-Prohibition ticket. Holland has a little over 1,000 plurality over McBride, the highest man on the Democratic-Prohibition ticket. Carothers is 1,614 ahead and Bentley 1,870.

The Taft plurality in the county will be near 5,000. Tener has over 5,650 plurality. The vote for Fish will exceed 3,500 or about 1,000 more than the Prohibition county chairman estimated.

J. A. Berry and Thomas Hill are the Republican commissioners, while W. J. Smith leads his Democratic opponent for this place by over 900. The vote for auditor has not been compiled and it may take the official count to decide between Dennison and Tilton for the minority place on the board. The Republican county officers carried the county by pluralities anywhere from 4,500 to 5,500.

The congressional vote of Lawrence county for Congress follows:
Tener, 4,156; Akens 2,062; Fish (Continued on page three)

Improvements On County Road

County Engineer William Wiley reports that the road work now under construction by the county is proceeding nicely.

The Hallam Construction company will complete the Washington-Meadowlands road in about ten days. The road is two miles and 600 feet in length. The same campaign has made a good start on the Houston-Westland road.

The W. H. Howley Construction company expect to complete the Middleton road this month. The Finleyville road is all graded, bridges built and the telford is nearly all laid, while considerable limestone has been put on. The Howley company has made a good start on the Dry Run road.

N. C. Hunter, who has the contract for the Lone Pine road, has about three miles of his four-mile contract graded. He has two stone crushers at work also one crusher for concrete. He is making excellent progress.

The roads that have been completed this year are as follows: Taylors town and Bugetstown, one mile each, and the Water Works road, three-quarters of a mile in length.

A number of roads have been broadened and resurfaced.

STILL FIRE AT WASHINGTON MINE

There is still fire in the No. 1 mine of the Washington Coal and Coke company at Star Junction and for the past several days the fight against it has been suspended until the interior of the mine cools off sufficiently to enable the men to work.

While the blaze is apparently making no progress, it is giving the firemen a hard task to extinguish it. While the stoppings were opened to admit the fire fighters, the admission of air caused the fire to burn up once more. The air became so heated that the men were forced to temporarily abandon their efforts.

It is expected that the fire next zone will be sufficiently cooled by Sunday night or Monday morning to admit the party once more.

INTENSE SUFFERING FROM WANT OF COAL

With loaded coal worth about \$7,000,000 lying in harbor and the vast capital in towboats and other equipment for the carrying on of river coal business all tied up on account of low water and cold weather setting in, rivermen, from the capitalists to the deckhand, are hoping for a rise. Should not a rise come before the severest weather exhausts the small coal supply at Southern river ports the suffering will be intense. Had this low water season been experienced during a thriving industrial period the supply of coal would have been exhausted many weeks ago. It is now nearing the six months mark since there was a rise in the rivers of this section.

was shot first in the left arm. The negro ran, and was shot. He fell and as Brown and his son approached he raised himself and pointing his revolver at the elder man's abdomen fired the shots taking effect. Charles fired at the negro, the hunted man returning until his ammunition ran out and he fell unconscious by the road. He never regained consciousness and died a few minutes later. The father was taken to the Uniontown Hospital where he is now.

FIRST SNOWFALL OF SEASON NOV. 4

Yesterday afternoon the first snow of the season fell, and there was a big change of weather from the preceding days. The snow fall yesterday was light, the surface of the ground being barely covered. It gave a wintry appearance, however, and made people who had not yet got out their overcoats and warmer clothing, hunt them up and place them in use.

Charles Quigg entered a plea of guilty to false pretense and was sentenced to pay the costs, fine of \$1 and undergo imprisonment in the county jail for 60 days. Quigg, it was alleged, represented to George Patch, Houston, that he was employed by the Pittsburg Coal company and upon that representation secured groceries to the amount of \$18.85.

Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. The Cow-Puncher.

"The Cow-Puncher" which appears at the Monessen Opera house on Tuesday, Nov. 17th for one night only is not only one of the finest scenic productions on the road, but has the largest piece of scenery ever seen on a local stage. There is a cyclorama drop 110 feet long and 30 feet high, which encircles the entire stage, excepting the opening at the footlight. All the balance of the scenery sets inside of this gigantic drop. It shows the cactus covered plains and the Santa Cruz River majestically winding its way along the base of the famous Santa Cruz mountains. Inside of this gorgeous cyclorama sets the ranch abode house, with high stone walls, and in the distance stands the cattle corrals. Together with its great company of players and the electrical effects, this play stands one of the hits of the season. Seats on sale at Light's Drug Store, Donner Avenue. Prices 25, 35, 50, 75c. Bentleyville Wants Highways of Brick

Bentleyville, Nov. 5.—A public meeting of citizens and members of council was held in the borough building to talk over the advisability of having the Main street paved with brick instead of the Sprout road, as now contracted for. The contractors Hastings, Piper and Owens of Charleroi, will work to the large concrete bridge before cold weather sets in and arrangements could be made with the state and the contractors to brick the street from the brewery, or from the McCormick hotel to White's mill, which would be the original borough proper. The road could be bricked further if the property owners would each pay one-third to be paid out of the borough treasury. The distance from the brewery to White's mills 5,900 feet.

The contract price if the property owners will accept it is \$105 for 66 feet front, 28 foot street, with an additional cost of \$25 for the curbing. The net price to each property owner having 66 feet front would be about \$125.00 and it is said would enhance the value of their property \$500. The state is willing to pay six-eighths of the cost.

About 25 representative people attended the meeting together with members of council and State Engineer Wilson. Those present were in favor of a brick street and a petition will be circulated asking the property owners to favor the project.

DARING BURGLARY LAST NIGHT AT LOCAL STORE

Establishment Of Eugene Fau Looted And Many Articles Taken—Money Drawer And Case Containing Valuables Untouched.

ENTRY WAS MADE THROUGH WINDOW AT REAR

A daring burglary was perpetrated last night at the store of Eugene Fau, a quantity of stuff taken and it is hard to determine the exact loss to Mr. Fau. The police have been notified and are making diligent efforts to discover the ones who committed the robbery but as yet no clue has been found. A reward has been offered for the arrest and conviction by Mr. Fau. The burglary was committed sometime between the hours of 7 and 9 o'clock last night. It is thought that at 7 o'clock the thieves were in the store and had not succeeded in getting to work. Entry was made through a rear window to the north of the store. This window had been pried open, it is thought with a jimmy and pincers. This morning a pair of the latter were found on the window sill. Exit was made through the rear door on the alley. Mr. Fau was in Pittsburgh yesterday and returned about six o'clock. He ate his supper and at near seven o'clock went into the store to see that everything was snug for the night the place having been closed at 5 o'clock while he was absent. He heard a noise at the rear of the store, but paid little attention to it thinking it was the radiator. A cat was noticed lying on the floor, however, but this was easily explained by the thought that one of the girl employees had been in a hurry to leave when the place was closed had accidentally tripped against the article and fallen down. The store Mr. Fau and his wife to the Palace theatre.

OWNER SIPE INVESTIGATES

Coroner W. H. Sipe spent yesterday in West Zoltersville and succeeded partially in clearing up a mystery surrounding the premeditated murder of John Maglia, who was stabbed to death Tuesday night. John Maglia is in jail charged with being an accessory, while the murderer, Leo Lanardo is a fugitive from justice. The trouble dates back to about three weeks ago when on one Saturday night the murdered man and the murderer wanted to dance with the same girl. Maglia got the dance and Lanardo vowed he would get even. The breach widened when Lanardo was not allowed to room at the same boarding house he had been living, while Maglia was permitted to remain.

The prisoner in jail will not talk but it is understood that Wavilard and Lanardo went to a restaurant, where Maglia was eating Tuesday night, and calling him outside, stabbed him to the heart with a butcher knife.

TRUE BILLS FOUND BY GRAND JURY

Trio Arrested For DeGarmo Robbery In Fallowfield Will Be Tried.

A true bill was found yesterday by the grand jury sitting at Washington in the case of the commonwealth against John Stevenson, John Brummer alias John Rogers, William Bennet and Thomas Deets, charged with burglary and larceny. The defendants, it is alleged, robbed the DeGarmo home in Fallowfield township a few months since, being arrested the next day in Westmoreland county, and the goods stolen from the DeGarmo home found upon them. They served a term in the jail at Greensburg for carrying concealed weapons and as soon as released were brought to this county by County Detective William McCleary, who is the private prosecutor.

Three pleas of guilty were entered yesterday. A. B. Brown, a fire boss, was fined \$100 and costs for having failed to properly inspect a mine of the Charleroi Coal company, in which gas and fire damp existed. It is alleged in the indictment that Brown failed to examine and inspect entrances to worked out and abandoned parts of the mine.

"Andy" Lindley, one of the defendants charged with entering B. and O. cars, entered a plea of guilty and was sentenced to pay the costs, fine of \$1 and undergo imprisonment in the county jail for a period of six months.

"Clell" Wingett and "Bill" Powell, two other defendants charged with the same offense, were sent six months to the workhouse on Monday.

Two other defendants, Harvey Pounds and "Bud" Lindley, were indicted by the grand jury yesterday.

WILL DAVIS GETS \$3.00 CASH PRIZE

The Clock in the window of Louis Beigel's Shoe Store, 419 McKean avenue, was unveiled at 7:30 p. m. sharp last night. The clock stopped at 56 minutes and 3 seconds past eight o'clock. Mr. Davis held the ticket that called for thirty minutes and forty-three seconds past eight which was the nearest guess presented and he therefore received the \$3.00 in cash.

All tickets are good for next Wednesday, Nov. 11th and for the following ten weeks. The more tickets you hold the better chance you have to the guess. Commencing today tickets will be given with every sale of 50 cents in place of 75 cents as intended to give the public a better chance. If you buy a \$2.00 shoe you get six tickets and so on.

Hold all your guess tickets and try to get to the store every Wednesday before 7:30 p. m. as the clock will probably be unveiled every Wednesday.

According to the figures compiled here the largest vote in the history of the county in a presidential year or at any other time was on Tuesday. The vote above shows 19,882 cast for the three candidates for president. The vote for Debs in the entire county and the total vote from the one precinct mentioned above are missing. The total vote in the county therefore ran over 24,000. The vote for congress was 19,156.

In the entire county 182 precincts were carried for Taft. 22 went to Bryan and there were tied between the two leading candidates. On the legislative ticket comparing Holland (Rep.) and Anderson (Dem.-Pro.) Holland carried 67, Anderson 63 and two were tied, out of a total of 132 precincts. The rural districts went almost solidly for the Democratic-Prohibition ticket. Holland has a little over 1,000 plurality over McBride, the biggest man on the Democratic-Prohibition ticket. Carothers is 1,614 ahead and Bentley 1,370.

The Taft plurality in the county will be near 5,000. Tener has over 5,650 plurality. The vote for Fish will exceed 3,500 or about 1,000 more than the Prohibition county chairman estimated.

J. A. Berry and Thomas Hill are the Republican commissioners, while W. J. Smith leads his Democratic opponent for this place by over \$900.

The vote for auditor has not been compiled and it may take the official court to decide between Dennison and Tilton for the minority place on the board. The Republican county officers carried the county by pluralities anywhere from 4,500 to 5,500.

The congressional vote of Lawrence county for Congress follows:

Tener, 4,156; Akens 2,062; Fish Berry.....

When is a Woman Old?

A Chicago young women's club has
drawn the line against women over
40 years of age, on the theory that a
woman past 40 is no longer to be
classed as young. Naturally there
is a vigorous protest, and many of
the members threaten to resign.

Of course there is no disgrace in
old age—rather honor in it. Age is
one of the very few things over which
we have no control whatever, and for
which we are neither to be blamed nor
traffited. Old age is honorable be-
cause it is the result of long right
living. The vicious, the careless
and the slothful do not attain it.

It is by right living, by obedient
observance of the laws of nature, that
we not only live to be old but seem
to be younger than we really are. It
is just as much a matter of pride
for one to look and feel like 40 at 60
as it is for one to be hale at 90.

Though there is no disgrace in
growing old, there is decided incon-
venience in it, economically, physi-
cally and socially. The woman
who feels 40 naturally does not like to
be classified and associated with
women who feel 60. If she is bright
and young in spirit she wants to con-
tinue to be so regarded by bright and
young people.

Vanity really has very little part
in it. The woman's happiness and
her sympathetic relationship with the
young and vigorous depend on it.
She has a right to insist that she be
taken at the age she feels and shows.

Weakness the Cause.

The opinion of the New York
World which since William J. Bryan
was nominated by the Democratic
party for the presidency has been
supporting the candidacy of that in-
dividual, thinks the overwhelming de-
feat of him was due almost entirely
to his weakness. It says that the
man who has tried so many times for
the Presidency and has failed weak-
ened the party until it could hardly
hope to win. It was not so much the
strength of Mr. Taft as it was the
weakness of his opponent that sent
the Democracy's representative down
to defeat, it said.

One thing is certain, Mr. Bryan

CHARLEROI, PA.

had the best chance of his career to
win the position and failed. He can
never hope to again secure such a
opportunity for the Presidential chair
that he had in the past campaign.
Mr. Taft had to face and bear the bur-
den of hard times; of business interests
explaining and dissatisfied and a
multitude of other things that were
heaped up against the Republican
party. The seeking of the office by
Mr. Bryan reminds one of the immoral
words of Abraham Lincoln, who said,
"My boy, never try to be president.
If you do you never will be."

Elections Results Most Pleasing.

The election of Mr. John K. Tener
of Charleroi, on Tuesday, to the office
of Congressman of the Twenty-fourth
district of Pennsylvania was received
with delight by a large number of
followers. There is no man in the
district which is better fitted with a
business knowledge for the position
than Mr. Tener, and his wisdom will
be used to the best interests of those
whom he is to serve in Congress. It
will not be a term of corruptness such
as has been the distinguishing features
of that office during past years. Mr.
Tener is a level-headed man with
the well wishes of his fellow citi-
zens at heart and will make a good
representative. The river section is
especially glad to have one of their
men elected to this position for they
feel that he can give them better ser-
vice than a man from the interior.
There is no one wider known than
is the local man in the district. He
was prominent in the three counties
over before he ever thought of run-
ning for office. His term as head of
the E. P. O. Elks gave him a send off
such as nothing else could do, and
the previous term as treasurer of the
order was a fitting tribute of his
business ability. There are few but
what think the Charleroi man is the
one for the position.

There is not much to say of the
assembly ticket. Bentley has been
an able representative of the people
in the State legislature and has much
ability to look after the interests.
He is popular and should be a credit
to his party. C. E. Carothers during
his term as sheriff made an
efficient official. Mr. Holland
will look after the interest
of the farmers in the legislature and
they feel that they have secured an
able man in him and one who will
properly represent them. The other
officials who were elected to office
will, there is little doubt, fill the
various positions to which they were
elected with credit to both the office
and themselves.

Past, Present, Future.

Concern not yourself about the
past; it has gone and is nothing.
The present is but a moment, think
not of it. The future is the golden
time of opportunity for which we
should prepare.

Electric Sparks.

As usual, Mr. Bryan was certain
that he would be elected. If his
chronic candidacy should persist until,
say 1928, the eve of election will see
him cheerfully assuring his friends
that he has the election cinched with
a diamond hitch.

A woman doesn't prove her super-

iority when she puts herself before
her mirror.

Some people impress us as being
almost as old-fashioned as last year's
popular song.

Lost of fellows pride themselves
upon knowing a lot about women until
they marry one of them.

Faint heart ne'er won fair lady,
but that doesn't trouble the fellow
who is in love with a brunette.

The reduction in insurance rates
was not exactly a bargain sale price-
cutting, but it will help some.

The average girl is ambitious to
make a name for herself, but she
usually ends by accepting some man's.

Most women imagine they would
have been wealthy if they hadn't been
born when the moon was in the wrong
quarter.

More than 7,000, people want tick-
ets for the Yale-Harvard football
game, and there are only 3,000
seats. How would it do for some
enterprising viation concern to rent
the ballon privileges?

Balloon excursions might be a
little more popular if the round trip
were better provided for.

Attention is inevitably called to the
versatility of Admiral Togo. Note
the difference between the reception he
gave to Admiral Sperry and that
which he gave to Admiral Rojestvens-
ky.

Out in California they have a ven-
erable citizen who claims to be 112
years old and who, in age and in-
firmity, has been compelled to apply
for admission to the county home.
Such things should not be possible.

A scientist says that butter is
a breeding place for bacilli. Judg-
ing from some of the samples of the
dairy in print, the microbes must have
tough constitutions.

Railway Motive Power.

The street railway world is also
seeking new motive power. One of
the lines along which it is experi-
menting is that of using gasoline as
motive power, each car carrying its
own fuel.

In many parts of the country these
gasoline motors are giving the great-
est satisfaction and their use is su-
perseding the electric car. The cost
of road construction is so much smaller
while the operating expenses are re-
duced to a minimum.

All the expense of copper and other
wire, poles, power houses, etc., would
be saved, while the cars themselves
would be lighter and of easier propu-
sion.

The practical utilization of the
automobile and freight truck, has
shown the possibilities of the gasoline
motor car and the next few years will
see its employment increased many-
fold. Already large companies are
forming and buildings erected for the
manufacture of these new cars, have
a capacity of 50 passengers, and a
safety speed of 30 miles per hour.
One-hundred capacity cars are build-
ing with a speed limit of 40 miles per
hour; and the industry is but in its
infancy.

More Conveniences.

Anybody who can remember the sit-
uation as it was fifty years ago must
admit that the ordinary home of to-
day is blessed with conveniences which
a half century ago were considered
luxuries. Country life today is not
what it was fifty years ago. The
wage earner is far more independent
today than was his grandfather. As
for opportunities they were never
more abundant than they are now.—

Briefs of the County

Washington, Nov. 5.—While a
nurse, Tuesday evening, was on Don-
nan avenue, near the City Hospital,
she was attacked by a negro who was
dragging her into an alley when her
screams brought several men to her
assistance.

The negro fled. A nearby resident,
Austin Land, had recently purchased
a bloodhound from the Moundville
penitentiary, and he at once placed it
on the tracks of the negro. The dog
led a hastily organized posse to the
Baltimore and Ohio tracks, at West
Washington, where it is supposed the
negro had jumped a freight.

Rapid progress is being made on
the new No. 5 lock and dam now in
course of construction at Brownsville.
The Monongahela river will soon have
all new dams. The old dams in the
lower part of the river have been, or
are being replaced by new ones of
modern construction. The dams in the
upper river all are practically new.

RETURNS HOME FROM AUSTRIA

Frank Fagula, the well known
Charleroi merchant has returned from
a five months visit in Austria and
other countries of Europe. Mr.
Fagula went to Austria the first place
where he spent considerable time
with his aged parents. He states
that he hurried back in time to vote
and that he is much pleased with the
way the election went.

Mr. Fagula says that the conditions
in Austria are like the United States,
pretty bad. This he said is owing
to the drouth during the
past spring and summer. The crops
he said were not up to the usual
standard, and the farmers had to
suffer. The principal crops in
Austria are wheat and grapes.
Other places visited by Mr. Fagula
were Bohemia and Germany. "In
Serbia," he said, "before I came
away things were rather quiet,
although there were mutterings of
war."

Will Address Merchants.

A regular meeting of the Charleroi
Merchants association will be held
tonight, and those present will be
addressed by Mr. J. F. Burke, on the
"Repeal of the Mercantile Tax." All
members of the association and
those merchants interested in the sub-
ject are invited to attend.

Working forces in the maintenance
of way department of the initial rail-
way lines have been greatly reduced,
as the work along the main and
branch lines for this season has been
completed. Many of the employes
have been transferred to the car and
locomotive repair shops and other de-
partments where additional men are
needed during the winter season. It
is estimated that about 2,000 main-
tenance of way employes in the
Pittsburg district alone have been
transferred to other departments.

Maintenance of way officials are
sending their annual reports to head-
quarters and they show that ex-
penses in 1908 have been much lower
than in former years. Notwithstand-
ing this big reduction, the reports
show that the main line tracks are
in excellent condition, with the ex-
ception of certain stretches, where
new rails and ties are needed.

This is due to the fact that the
railroads ordered comparatively few
rails in 1907 for delivery this year.
Some small orders for rails were
placed last spring and the new rails
will be delivered this month. They
will be placed in the main line track
before January 1.

STILL FIRE AT WASHINGTON MINE

There is still fire in the No. 1 mine
of the Washington Coal and Coke
company at Star Junction and for the
past several days the fight against
it has been suspended until the inter-
ior of the mine cools off sufficiently to
enable the men to work.

While the blaze is apparently mak-
ing no progress, it is giving the fire-
men a hard task to extinguish it. While the stoppings were opened to
admit the fire fighters, the admission
of air caused the fire to burn up once
more. The air became so heated
that the men were forced to tempo-
rarily abandon their efforts.

It is expected that the fire next
zone will be sufficiently cooled by
Sunday night or Monday morning to
admit the party once more.

INTENSE SUFFERING FROM WANT OF COAL

With loaded coal worth about \$7-
000,000 lying in harbor and the vast
capital in towboats and other equip-
ment for the carrying on of river coal
business all tied up on account of low
water and cold weather setting in,
rivermen from the capitalists to the
deckhand, are hoping for a rise. Should
not a rise come before the severe-
st weather exhausts the small coal
supply at Southern river ports the
suffering will be intense. Had this
low water season been experienced
during a thriving industrial period the
supply of coal would have been ex-
hausted many weeks ago. It is now
nearing the six months mark since
there was a rise in the rivers of this
section.

CONSTABLE SHOT IN ARRESTING MAN

(Continued from page one)

was shot first in the left arm. The
negro ran, and was shot. He fell
and as Brown and his son approached
he raised himself and pointing his re-
volver at the elder man's abdomen
fired the shots taking effect. Charles
stood at the negro, the hunted man re-
turning until his ammunition ran out
and he fell unconscious by the road.
He never regained consciousness and
died a few minutes later. The father
was taken to the Uniontown Hospital
where he is now.

FIRST SNOWFALL OF SEASON NOV. 4

Yesterday afternoon the first snow
of the season fell, and there was a
big change of weather from the pre-
ceding days. The snow fall yester-
day was light, the surface of the
ground being barely covered. It gave
a wintry appearance, however, and
made people who had not yet got out
their overcoats and warmer clothing,
hunt them up and place them in use.

Charles Quigg entered a plea of
guilty to false pretense and was sen-
tenced to pay the costs fine of \$1 and
undergo imprisonment in the county
jail for 60 days. Quigg, it was
alleged, represented to George Patch,
Houston, that he was employed by the
Pittsburg Coal company and upon that
representation secured groceries to
the amount of \$18.85.

Making More Than a Living

Nearly every man who works
regularly makes more than a living.
During these slow times
the men who have saved some-
thing appreciate what it is to
have something laid away for a
rainy day. A few cents a day
soon counts up, and when sav-
ings are placed in a bank at a
tidy interest the sum soon grows
to proportions that make it a
safeguard against want when
work is not plentiful. Figure

you are making now, and place
the difference in this bank.

The Cow-Puncher.

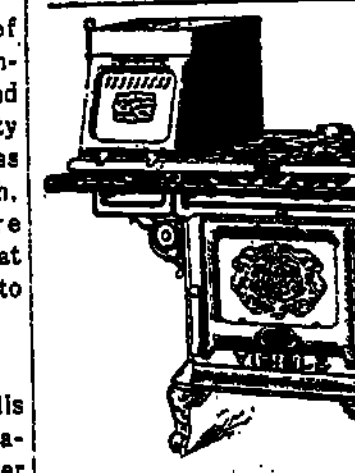

"The Cow-Puncher" which appears
at the Monessen Opera house on Tues-
day, Nov. 17th for one night only is
not only one of the finest scenic pro-
ductions on the road, but has the
largest piece of scenery ever seen on
a local stage. There is a cyclorama
drop 110 feet long and 80 feet high,
which encircles the entire stage, ex-
cepting the opening at the footlight.
All the balance of the scenery sets
inside of this gigantic drop. It shows
the cactus covered plains and the
Santa Cruz River majestically wind-
ing its way along the base of the
famous Santa Cruz mountains. In-
side of this gorgeous cyclorama sets
the ranch abode house, with high
stone walls, and in the distance stands
the cattle corral. Together with its
great company of players and the
electrical effects, this play stands out
of the hits of the season. Seats on
sale at Light's Drug Store, Donner
Avenue. Prices 25, 35, 50, 75c.

Bentleyville Wants Highways of Brick

Bentleyville, Nov. 5.—A public meeting of citizens and members of council was held in the borough building to talk over the advisability of having the Main street paved with brick instead of the Sproul road as now contracted for. The contractors Hastings, Piper and Owens of Charleroi, will work to the large concrete bridge before cold weather sets in and arrangements could be made with the state and the contractors to brick the street from the brewery, or from the McCormick hotel to White's mill, which would be the original borough proper. The road could be bricked further if the property owners would each pay one-third to be paid out of the borough treasury. The distance from the brewery to White's mills 5,900 feet.

The contract price if the property owners will accept it is \$105 for 66 feet front, 28 foot street, with an additional 10c per foot for the curbing.

The net price to each property owner having 66 feet front would be about \$225.00 and it is said would enhance the value of their property \$500. The state is willing to pay six-eighths of the cost.

About 25 representative people attended the meeting together with members of council and State Engineer Williams. These present agreed to form of a brick street and a petition will be circulated asking the property owners to favor the project.

The Power of the Cross.

Which appears at the Monessen Opera House Saturday Nov. 7th, Matinee and night. Telling the first season outside of the cities of this play. Mr. Wards has engaged an exceptional strong company. The Play, unlike the title, is not a religious play, but a sensational story of the present day. The situations, dialogue and climaxes are startling.

The theme and story is most entertaining. Mr. Chellis having secured this production through the New York agents, is guaranteed and can safely recommend it to the playgoers of Monessen and vicinity.
